Attention: Ms Florence Tan
Chief Operating Officer

Dear Florence,

LETTER OF APPRECIATION

We started liaising with Gin Yang Ang since August 2017 with regards to our project requirement to CFD simulation application for multiple project improvement and improve on CAE teams capabilities.

The presales and sales team at CAD-IT demonstrated a good understanding of customer's work environment, end-users' pain points and reducing time-to-market.

We purchased the Mechanical and CFD solution, coupled with training recommended by the team.

As a result of solution purchase and CAD-IT's expertise, we were able to increased accuracy of failure prediction from 50% to 80%.

Best Regards,

ZHONG LEI
Technical manager
CAE Department
