#### LETTER OF COMMENDATION

Ever since we purchased CAE software – MOLDFLOW from your company, the 2 weeks training and support service provided by Mr Lu since December 98 has yielded good results. He has maintained a good working relationship with us and takes responsibility to ensure that we fully know the software's capabilities which help our company to increase efficiency, reduce costs and shorten lead time.

We hereby show our deeply appreciation to CAD-IT and hope that we will continue to have a successful and long-term partnership.

Your sincerely,

Product Engineering Dept
